sibly a few railroad commissioners as to what would be a fair price for rails. Since that time the steel manufacturers have adhered to that price and I doubt if any would change it without netify-ing the others. They have no agree-ment and do not have any meetings.

Trust Agreement. 'Isn't it true that you have such a control that if you fixed the price none of the independent manufacturers would dare to set a price below yours?'' asked Mr. Clark.

Mr. Clark.

"That may be true as far as steel rails are concerned." replied Judge Gary, but qualified his answer by saving he did not mean that the steel corporation had a held on the industry, but that the independents recognized the advisability of maintaining one price."

Suppose the United States Steel cor "Suppose the United States Steel cor-poration put the price up to \$30 a ton, do you think there is an independent manufacturer who would not mark his price up to \$30 a ton because you had marked yours up?"

"I cannot say," was the reply, "ex-cept that I think they would mark the price up."

Judge Gary admitted that the steel corporation could drive the independents out of business in a competition because the steel corporation can produce rails cheaper than the independ-

outs.

Judge Gary said that the steel corporation could not survive in the tin plate industry without a tariff possibly less than the present duty on this ar-

Enormous Profits.

Representative Clark wanted to know how much profit the United States Steel corporation is making. Judge Garv said that the interest paid out amounted to \$180,711,000; the dividends paid out \$262,334,000; that a surplus of \$97.-645,000 has been accumulated and that \$163,694,000 has been recommunited and that \$163,694,000 has been said out for con-struction. He said that the total profits on the capitalization approximated 73.1 per cent. The United States Steel cor poration, according to Judge Gary, is capitalized at \$360,281,000 in preferred stock and \$508,302,500 in common stock, and the bonds of the corporation amounted to \$480,199,000, on which the rate of interest is 5 per cent. The sub-

amounted to \$480,199,000, on which the rate of interest is 5 per cent. The subsidiary companies have a total bond issue of \$125,346,000, he said.

Representative Underwood asked Judge Gary if he agreed with Mr. Schwab, who testified that the cost of labor in a ton of pig iron in this country and England is about the same and that the increase cost of labor in this country is due to increased efficiency and improved methods.

"This is probably correct in regard to the pig iron, but it is not so of other steel products," he replied. "The corporation manufactures annually ten to eleven million tons of pig iron and the same quantity of finished steel, including steel rails, structural steel, steel wire products, such as nails, fence and piano wire, tubes and tin plate."

"What percentage of the iron production is turned out by your company?" asked Chairman Payne.

"Last year 41.7 per cent of all."

"Would you be adverse to our securing the figures that you originally furvished to the burgen of corporations."

ing the figures that you originally fur-nished to the bureau of corporations as confidential information?" asked Mr.

ns confidential information?" asked Mr. Pavne.

"I would be willing that the committee should have that data for its own information." replied Judge Garv.

Chairman Pavne said he could not ironise that the newspaper men would not get hold of the figures, as the committee believed the public should have the benefit of all information presented to the committee.

to the committee.

"Well," said Judge Gary, "I will answer in the negative: we are not adverse to the committee having those feature."

It was announced by the committee today that Andrew Carnegie will appear before it Monday.

SENATE COMMITTEE IS READY TO INVESTIGATE

WASHINGTON, Dec. 18.—That the enate committee on interoceanic canals is prepared to take up any sort of an investigation of canal affairs that may be demanded by any member of the committee was asserted today by Senates Kittschen of South Debate, also tor Kittredge of South Dakota, chair-man of the committee. Thus far there have been no demands upon the com-mittee, and as there has not been a mittee, and as there has not been a meeting during the present session of co-cress it cannot be ascertained what action will be taken. "It has been the policy of the senate committee," said Mr. Kittredge today, "to call witnesses at any time a demand is made by any member of the committee, and I reverses to continue that rolley.

purpose to continue that policy.

The demand, if it comes, probably will originate with Democratic mem-

hers.

An investigating resolution was offered in the house by Representative Rainey of Illinois, which is said to have been offered at the suggestion of the Democratic national committee following the publication in certain Democratic and independent newspapers of a story that Americans may have profited by the sale of the caual property to the United States. Senator Culberson, chairman of the minority caucus of the senate, was intimately connected with senate, was intimately connected with the management of the Democratic fa-tional campaign and is a member of the senate canal committee, but has not yet taken cognizance of the house reso-

DISCUSSING CLAIM OF SOUTHERN PACIFIC.

WASHINGTON, Dec. 18.—A conference to reach an agreement as to the amount the government ought to pay the Southern Pache railroad for work performed at the time the Colorado river overflewed two years ago, and formed the Salton sea on the borders of California and Arizona, was begun at the White House today, but was interrupted by the semi-weekly cubinet meeting.

meeting.

Senator Flint of California and Maxwell Everts of New York, representing the railroad company, tomorrow will continue their conferences with the president, and it is believed some conclusion will be reached.

MONEY NEEDED NOW FOR WORK ON CANAL.

WASHINGTON. Dec. 18.—A request for an urgent deficiency appropriation of \$5.458.000 to carry on the canal work at the present rate during the remainder of the fiscal year was received by the house today from the secretary of war.

The principal share of the desired ap-propriation is for the Atlantic division where are located the Gatun locks and

Teddy Not Satisfied. WASHINGTON, Dec. 18.—After to-day's cabinet meeting and a subse-quent conference with the president, Attorney General Boundarte said that the department of justice still had under consideration the question of prosecuting those persons whom the prosecuting those persons whom the president considered guilty of criminal libel in connection with publications regarding the Panama canal purchase.

PROMINENT CITIZENS MAKE TRIP TO PRICE

Water Is to Be Turned Into the Irrigated Lands Company's Big Canals.

A party of prominent citizens of Utah, including Governor John C. Cutler, members of the state board of land commissioners and the supreme bench and other state officials, left for Price, Utah, at 7:25 o'clock Friday evening over the Denver & Rio Grande, and this morning will go to Wellington, where they will witness the turning of the water into the canals of one of the largest irrigation projects which has ever been undertaken in this state, namely, that of the Irrigated Lands company in Carbon county.

The formal opening of the canal system will be characterized by specches by several of the state officials, and an elaborate dinner will be served for the visitors in Wellington. The party will then inspect the 30,000 acres of arid land which are to be redeemed by the irrigation scheme, and will leave Price late Saturday night, returning to this city early Sunday morning. commissioners and the supreme bench

TO TEST OUTLET PIPE ONE WEEK FROM TODAY

This Is Decision of Board of Public Works in the Sewage Matter.

The outlet pipe for the new west ide sewage system is to be tested Saturday afternoon, December 26. In response to the council's resolution of two weeks ago, directing the board of publie works to give the Campbell Building company two days' notice to employ sufficient force of men to stop the leaks in the pipe or forfeit its contract to the city, the board Friday evening decided to order the contractor to be eady to make the final test on that

date.
The council's resolution came peri-The council's resolution came peri-lously near receiving a far different consideration and answer, however. It was only after a communication set-ting out that the board considered the pipe ready for the test and turning it over to the council had been seriously considered, and finally consigned to the waste basket, that the test was decided on. The council will be invited to be present.

Two or three members of the board rather favored the city's connecting up with and pumping water through the pipe, at the contrateor's request, under the building company's waiver of its rights under the contract, but with the recollection of the city attorney's opinion to the effect that such action might constitute an acceptance of the work before it was tested, this proposi-

work before it was tested, this proposition was dropped.

Ten leaks in the pipe have been
stopped in as many days, it was said,
but three still remain uncalked, from
which a half-million gallons of water
escape daily. The contractor's efforts
now are directed towards stopping these
leaks. The force and volume of the
leaks have washed away part of the
back fill and flooded the earth for
several vards in some places.

Louis A. Geisler asked for an extension of time on the building to contain
the suction gas producer. This matter
went over until the next meeting, January 8.

ary 8.

The following large estimates were approved: P. J. Morao, eighth and final estimate, paving extension 34, 859, 118.42; J. W. Percival, fourth and final estimate, water main extension 181, \$3,428.84; James Kennedy, first partial estimate, sewer extension 182. \$10,930.64.

PRESIDENT PREPARING EVIDENCE FOR HOUSE

SENATOR KNOX TALKS GRAFTERS RECEIVE OF HIS NEW HONORS

New Post; Leaves Old With Much Reluctance.

TAFT TO MAKE KNOX SECRETARY OF STATE.

AUGUSTA, Ga., Dec. 18,— President-elect Taft tonight an-nounced the appointment of United States Senator Philander C. Knox of Pennsylvania as sec-

C. Knox of Pennsylvania as sec-retary of state in his cabinet.

The announcement followed the receipt by Mr. Taft of a telegram conveying the informa-tion from Mr. Knox that he would accept the premiership of the Taft cabinet.

WASHINGTON, Dec. 18 .- Senator P. C. Knox, who will be secretary of state in President Taft's cabinet, tonight dis-cussed his selection with the Associ-

cussed his selection with the Associated Press.

"It is true, as Mr. Taft has announced." he said, "that I have accepted his invitation to enter his cabinet as secretary of state. I have had the offer under consideration for some time, and have been persuaded by those with whom I have consulted, in and out of the state of Pennsylvania, that it is my clear duty to accept. I will leave the senate with great regret, as I have enjoyed its duties and associations, and with even greater reluctance I will lay down the commission of the people of Pennsylvania who have so splendidly supported me by their approval of my public service."

When asked whether he would rather remain in the senate than accept the

that never having served as secretary of state he could really make no com-

of state he could really make no comparison.

"With me," he added, "public service is a duty which I accent not because of any honor which I feel I may derive therefrom, but because I feel I owe it to my state and to my country. I have therefore accepted philosophically the offers which have come to me, being content to remain where I was, serving as I felt that I was doing my duty as a citizen thereby.

"No man," he continued, "should enter public life for the sake of the honor which he will receive or which he can draw therefrom. Duty is the only motive which should actuate any man in accepting the responsibility."

Senator Knox's first appearance as a public figure was when he entered the cabinet of William McKinley as atterney general in 1901. He was con-

torney general in 1901. He was covelt and served until he resigned in 1904 to accept the appointment of sen-ator from Pennsylvania.

TAFT IS RAPIDLY LINING UP CABINET

NEW YORK, Dec. 12 NEW YORK, Dec. 18.—That President-elect Taft has selected George W. Wickersham of the New York law firm of Strong & Cadwalder, to be attgrney-gen-eral in his cabinent was learned today from a source that is re-garded as reliable. today from a source that is re-garded as reliable.

WASHINGTON, Dec. 18.—While in Washington lust week, Mr. Taft told several of his close advisers that if he several of his close advisers that if he could fill to his entire satisfaction the position of secretary of state, secretary of the navy, and attorney general, he would not be at all disturbed by the difficulty of getting suitable appointees for the remaining positions. It is generally believed here that an Ohio man will be selected for secretary of the

reasury.

No name except that of Judge Richard A. Ballinger of Seattle, Wash., former commissioner of the general land office, is heard here in connection with the secretaryship of the interior department, and it is thought that he stands an excellent show for this place. It was stated at the capital that Mr.

Taft is looking for a man to take the war portfolio who has had sufficient experience to work out the reorganization scheme put into force by Mr. Root while he was at the head of that deartment. The position of secretary of commerce

and labor has been mentioned to a very slight extent and in some quarters it is thought probable that Secretary Straus, who also is from New York, will be continued in that post, at least for a given.

For secretary of agriculture it is practically conceded that James Wilson of Jowa will be continued in the place for a year or more. The appointment of Frank H. Hitchcock to be postmastergeneral has been announced authoritatively.

To Hear Case Monday.

The case against J. G. Weaver, who is charged with intent to murder J. W. Woten, is eet for preliminary hearing before Justice Dana T. Smith, Monday, Weaver, it will be remembered, gave Woten a frightful beating in the corridor of the Commercial Bank building several weeks again.

MAXIMUM PENALTY

Feels It His Duty to Accept Sentence of Two Years in Prison and \$500 Fine for Quaker State Convicts.

> HARRISBURG, Pa., Dec. 18 .- Two years' imprisonment and a fine of \$500, the maximum penalty, was the sentence meted out today by Judge Nunkel in the Dauphin county court to each of the four men who were convicted of defrauding the state in connection with the furnishing of the capitol building in this city. Immediately after sentence was pronounced the defendants were re-manded to the custody of the sheriff and taken to a side room, pending ap-plication for a supersedeas, which was made in the superior court at Philadel-phia after notice of the sentence here was given. As soon as it is granted, was given. As soon as it is granted, the defendants will offer bail, pending

appeal to the superior court.

The four defendants are John H. Sanderson, Philadelphia, contractor for the furniture; James M. Shumaker, Johnstown, superintendent of the board of public grounds and buildings at the time the contract for the furniture was let William P. Sander, String City and let: William P. Snyder, Spring City, and William L. Matheus, Media, respectively, auditor-general and state treasurer during the operation of the contract, and by virtue of their positions members of the board of grounds and buildings. The men were convicted of de-frauding the state out of \$19,308 in a contract for wooden furniture. Other charges involved large sums in the ag-gregate. The men were tried last spring and last week they were refused a new

The men convicted today were tried a second time and acquitted of a charge of defrauding the state in a metal furniture contract.

PHILADELPHIA, Dec. 18.—The state superior court this afternoon granted a supersedeas to each of the four defendants in the state capitol con-spiracy case, sentenced to two years' imprisonment, pending an appeal to the perior court. Bail in the sum of 5,000 was fixed and it was entered in arrisburg this afternoon. The pris-Harrisburg this afternoon. The pris-oners will then be released and the case will be argued before the superior court next spring or summer.

Flashes From the Wire

LAPORTE, Ind., Dec. 18.—Frank Han-num of this city, died today at Seattle, Wash., of injuries received in a football game. He was twenty-six years old.

BUTTE, Mont., Dec. 18 - Elijah Mills, aged thirty-eight, formerly of Hooper, Utah, slipped and fell over a donkey engine at the Belmont mine today and was killed.

HONOLULU, Dec. 18.—W. G. Irwin of the William G. Irwin & Co., limited, to-day purchased the interest of Claus Spreckles in the banking house of Claus Spreckles & Co. of this city.

PITTSBURG, Dec. 18.—The directors of the Westinghouse Airbrake company to-day declared the regular quarterly divi-dend of 2½ per cent, payable January 9. The regular quarterly dividend of 3 per cent on the common and preferred stock of the Union Switch and Signal company also was declared today.

CHARLESTON, W. Va. Dec. 18.—Miners and operators on Paint Creek, Kanawha county, where 1800 miners have quit work following a reduction of wages posted by operators, are today considering a compromise proposition, which, it is thought, will end in a settlement of the trouble. The proposition is not dis-

BUTTE, Mont. Dec. 18.—A Miner dispatch from Great Falls states that as a means of putting a stop to the "rustling" of stock in northern Montana, the stock men of this section of the state have be-gin falsing a "war fund" with which spe-cial detectives will be employed to assist in running down the cattle and horse thieves.

HELENA, Mont. Dec. 13.—The blen-nial report of the Carey land act board, just submitted to Governor Norris, shows that Montana is reclaiming upwards of 200,000 acres by this system and predic-tion is made that the state will soon reach the prescribed limit—one million acres. The financial showing is most sat-isfactor.

WASHINGTON, Dec 18.—General Tas-ker H. Bliss, in command of the forces of the Philippines, has reported the death of cleven collisted men of the Eighteenth regiment, stationed at Camp Keithley, Mindanao, from methyl poisoning, result-ing from drinking Columbian spirits. The names of the deceased soldiers are not given.

WASHINGTON. Dec 18.—The president is considering the advisability of having a thorough examination and report made on the character of the foundations that underlie the locks and dams along the line of the Panama canal. It is regarded as important economy to determine at this time the exact magnitude of the task of providing stable foundations for these locks and dams.

LOS ANGELES, Cal., Dec. 18—Roy Knabenshue last night attempted to demonstrate hew an airship could sail over a city unobserved under cover of darkness and destroy the city by the use of powerful explosives. His flight over this city last night failed in this respect, however, as his airship was easily discernible, and the whirr of the motor and propeller could be heard at a great distance.

WASHINGTON, Dec. 18.—The president will soon send to the senate the nomination of Sherman Moreland of Elmira, N. Y., to be associate justice of the supreme court of the Philippine Islands. The vacancy to which Mr. Moreland is appointed was created by the resignation of Judge James F. Tracy, to whom the president has written a strong letter in commendation of his services to the government.

WELLESLEY, Mass, Dec. 18.—Revised rules of chaperonage over the young women of Wellesley college are to go into effect with the beginning of the midwinter term in January. Thereafter the hour for closing houses on the campus will be 245 p. m. instead of 19, but in the village the closing hour will not be changed. A girl may not stay in Beston, according to the new regulations, later than 6.30 p. m., without a chaperone. This is the first time that the rules governing students at Wellesley have been changed in ten years.

GREAT FALLS, Mont., Dec. 18.—C. B. Jones, accused of sending blackmailing letters to Ranker S. S. Hobson of Lewiston, demanding that \$20,000 be left at a certain place or he would be killed, was found guilty today by a Jury in that county. Experts disagreed as to whether the writing in the blackmailing letters was the same as that in the general letters was the same as that in the general letters and in the blackmailing letters the word "ind" was spelled "felnd," and this decided them. His punishment was fixed at one year in the pententiary.

RECORDS BROKEN BY **BOLD AEROPLANIST**

Wilbur Wright Excels in Length of Flight: Also in Height Attained.

LEMANS, France, Dec. 18 .- Wilbur Wright, the American aeroplanist, of Dayton, O., established a new world's record for heavier-than air machines to day while trying for the Michelin cup remaining in the air one hour, fifty three minutes and fifty-nine seconds

remaining in the air one hour, fifty-three minutes and fifty-nine seconds. The best previous record is one hour, nine minutes and forty-five seconds, which Mr. Wright made October 10.

The aeronaut attained an average height of twenty-four feet today and the distance was officially measured as sixty-one and one-half miles, which does not include the wide sweeps and turns made during the flight. He descended because the oil feeder got out of order. The flight was made in a light breeze, occasionally broken by puffs of twenty miles an hour.

The Michelin cup is to be awarded to the aviator who makes the longest aeroplane flight before December 31, 1908.

Mr. Wright closed a triumphant day by achieving another record, flying to a height of 360 feet in a strong wind, and winning the Sarthe Aero club's prize for height. At first it was thought that the violence of the breeze would compel Mr. Wright to postpone his effort, but he launched his machine and circled around and around the field. When soaring at ninety feet, a sudden gust of wind caught the aeroplane, causing it to plunge violently backward. The spectators were terrified, but Mr. Wright soon righted his craft. After ten minutes the wind had moderated and the aeroplane soared upward and passed high over a line of captive baland the aeroplane sourced upward and passed high over a line of captive bal loons marking a distance of 300 feet Then it descended and after again cir cling the field was brought to earth, landing in front of the door of the shed

in which it is housed.

The Aero club tonight gave a ban-quet in Mr. Wright's honor.

Only One "BROMO QUININE." That is LANATIVE BROMO QUI-NINE. Look for the signature of E. W. GROVE. Used the world over to Cure a Cold in One Day. 25c.

WOMEN OBEY ORDERS

All So-Called "Parlor" Houses in Business District Are Now Closed.

In compliance with the orders issued Thursday night by Acting Chief of Police John Hompel, all the "parlor" houses in the business district of Salt Lake City were closed last night. The occupants of this "dens" of the underworld have not moved out yet and the proprietors in every instance are figuring what they will do. Some are contemplating moving from the city, while others are thinking of opening rooming houses at the same places where heretofore they have conducted the houses of Ill fame.

One of the new houses in the west side "stockade" was illuminated Friday night, but in answer to questions the woman who is planning to conduct the place stated that there were no women herbored there. The house is completely furnished, and the woman in charge stated that she intended to conduct a rooming house there until the "stockade" was allowed to open.

JACOB GOULD SCHURMAN WILL BE HERE TODAY

Jacob Gould Schurman, president Jacob Gould Schurman, president of Cornell university, is expected to arrive in Salt Lake City today for a short visit. While here he will address the fifteenth annual convention of the Utah State Teachers association, which will be held in this city on Monday. Tuesday and Wednesday of next week. He is scheduled to deliver two lectures before the teachers.

A hig recention is being arranged for

lectures before the teachers.

A big reception is being arranged for President Schurman by the Cornell alumni of this city, to take place at the Commercial club Monday evening at 8:30 o'clock. At this banquet Attorney Frank K. Nebeker of Logan will act as master of ecremonies, and toasts will be responded to by President Schurman, President Joseph T. Kingsbury of the University of Utah and Professor George M. Marshall of the same institution. It is also designed to perfect a permanent organization of the Cornell graduates of this state at this banquet.

the Cornell graduates of this state at this banquet.

President Schurman will also speak at the Mormon tabernacle Sunday af-ternoon. His subject will be. "The De-velopment of Religious Thought."
